Sharing Hope with
Families Around
the World

Free a Family

“ I am so grateful to World Renew...they have allowed the development of a shared vision as a team of women farmers.”

- Merlyn Zambrano

Your monthly commitment of \$27 will change the story of a family living in poverty. Or, you can give a one-time gift.

Merlyn and her family struggle as they adapt to the new realities of COVID-19.

It's not easy for her children who struggle to follow online classes on the tiny screen of their cell phone. Merlyn continues to farm and sell tortillas to support her family, but the costs to run the business have increased and sales have decreased. But they are getting by.

She is grateful to World Renew for the provision of masks, antibacterial gel, and liquid soap during this pandemic.

“I am grateful to God that people are still buying my tortillas,” Merlyn shares with us, “and that my family is getting by.”

When you become a part of *Free a Family*[®], you stand by a family in their daily life, giving them the hope they need to move forward. **Your monthly gift helps provide:**

- Sustainable farming education and tools
- Access to community health support
- The creation of a Village Savings and Loan program
- Teaching through the peace and justice curriculum to encourage self-learning and healing
