LITTLE PAGES OF BIG-HEARTED GIFTS

\$62

goat

What's your favourite meat? Did you know that, around the world, more people eat goat than any other meat? Farmers also like goats because goats give milk and their droppings help the soil to grow more food. Your gift of a goat can help to feed a hungry family in so many ways.

400353

\$14

duck

Farm families raise ducks to make money. Duck eggs taste good and are good for you! Duck droppings help the soil to grow more nutritious vegetables. With your gift of a duck, you can help a family earn enough money to buy food, send their kids to school, and even save a little for emergencies.

400574

cow

\$190

Jesus likes it when we share. And sometimes when we share, we encourage others to share too. When you give a farmer the gift of a cow, they will give the cow's first calf back to another farm family, and then that family will give to another family!

400462

chicken

\$4

Why did the chicken cross the road? To help the hungry farmer! With your gift of a chicken, a farmer can sell the eggs the chicken lays to make money. Also, chicken droppings can help to make the soil rich, so more fruit and vegetables grow to help feed the farmer's family.

400483

beehive

\$45

Bees make delicious honey. With your gift of a beehive a family can sell honey at the market to make money to buy food. The bees will also buzz around and leave behind grains of pollen that allow more fruit and vegetables to grow, not just for the family, but for their neighbours too!

400792

nutrition kit for children

\$24

You know that to grow up healthy, children need nutritious food every day! But some parents can't afford to give their children enough good food. Your gift of a nutrition kit helps parents to take better care of their children's health. This kit includes vitamins, medicine, and seeds to grow to make soymilk which is excellent for making muscles strong.

400415

family-sized water filter

\$115

There are families who have no water in their homes and the moms and children often have to walk very far to get water. Sometimes, the water is dirty and it makes them very sick. Your gift of a family-sized water filter means a family will have clean water in their home, so they can stay healthy, and moms and kids have more free time for snuggles or having fun!

400465

the herd

\$432

If you had to choose between a goat, a pig, and a cow, which would you choose? When you give a farmer the herd, you give all of them! The herd can help provide milk and meat for the farmer's family and the droppings from the herd can help make the family's crops grow strong and healthy.

400570

friendship pack

\$78

You might not think four chickens and a goat have much in common, but they do! When a farming family's crops don't grow properly, these pals come to the rescue! The chickens give eggs and the goat gives milk that the family can sell to make money to buy food and the things they need most.
